Company Overview:

Treasure Coast Aviation Safety Services (TCASS) is a leading provider of aviation safety, training, and consulting services. We specialize in delivering tailored safety solutions and operational support to government and private sector aviation organizations. Our team is composed of experienced professionals who are dedicated to meeting the highest safety standards and regulations, ensuring operational excellence and efficiency.

As a Disabled Veteran Owned enterprise, TCASS is committed to promoting safety and compliance while exceeding customer expectations in the aviation industry or any industry seeking safety excellence.

Mission Statement:

Our mission at TCASS is to provide the highest level of aviation safety management and training services, enhancing operational efficiency and compliance. We are dedicated to reducing risks, ensuring safety, and supporting all organizations in maintaining the highest standards of safety and operations.

Core Competencies:

- **Aviation Safety Management:** Risk management, safety audits, accident investigations
- **Aviation Training Services:** Pilot training, safety courses, regulatory compliance training
- **Regulatory Compliance Consulting:** FAA compliance, OSHA safety regulations, environmental safety
- **Aviation Operations Consulting:** Procedures, operational audits, workflow optimization
- **Technical Support:** Equipment and systems evaluation, technical writing, and safety documentation

Differentiators:

- **FAA-Certified Experts:** Our team includes FAA-certified professionals with years of hands-on experience in aviation safety.
- **Proven Track Record:** Extensive success in managing safety projects for government and commercial aviation sectors.
- **Customized Solutions:** We tailor our safety and training programs to meet the specific needs of each client, ensuring the most effective solutions.
- **Commitment to Innovation:** TCASS uses the latest technologies and best practices to enhance safety and operational performance.
- **Long-Term Partnerships:** We build lasting relationships with clients, providing continuous support and guidance to ensure safety and compliance.

Past Performance:

TCASS has successfully completed numerous projects for government agencies and private contractors, demonstrating our expertise and commitment to aviation safety, and safety in general. Some key projects include:

US ARMY

Owners and members of TCASS have experience in US Army Aviation and Aviation Safety. In Addition, they were professional Army Officers.

MULTIPLE AVIATION OPERATORS AND MILITARY CONTRACTORS

Owners have been employed by numerous aviation operators including: Spirit Airlines, Dynamic International Airways, FedEx Aviation, Corporate Jet Aviation, Martin County Sheriff Aviation section, Rocky Mountain Helicopters and Kachemak Bay Flying Services. Military contractors such as DynCorp, and S3 Corporation as well as manufacturers such as Sikorsky Helicopter.

Capabilities & Compliance:

- TCASS is fully compliant with all FAA regulations, OSHA safety standards, and industry best practices.
- We are equipped to handle classified and sensitive aviation projects with the necessary security clearances.

Let's Partner for Safety and Success:

Treasure Coast Aviation Safety Services is ready to support your aviation safety needs. Whether you require safety audits, training programs, or consulting services, we are here to help. Get in touch with us today to discuss how we can collaborate to achieve your goals.
